

PILLAR 2

Affiliate Marketing Building Your First Passive Income Stream

Introduction

Affiliate marketing is one of the simplest and most accessible ways to begin earning money online.

You recommend products or services that genuinely help other people and earn a commission when someone purchases through your referral link. Success comes from solving problems and building trust rather than chasing quick commissions.

Chapter 1 – What Affiliate Marketing Actually Is

Affiliate marketing connects customers with businesses. The business gains a customer, the customer finds a solution and you earn a commission.

IncomeOnline Expert Tip

Think like a trusted adviser, not a salesperson.

Example

A helpful camera buying guide can earn commissions by genuinely helping readers.

Action Checklist

- List three subjects you already know well.

Chapter 2 – How Affiliate Marketing Works

Join an affiliate programme, receive your tracking link, create useful content, attract visitors and earn commissions when they buy.

Common Mistake

Chasing commission rates instead of helping readers.

Chapter 3 – Choosing the Right Niche

A good niche has demand, products to recommend and is a subject you enjoy.

IncomeOnline Expert Tip

Chapter 4 – Creating Helpful Content

Useful content solves specific problems better than competitors.

Example

Trust is your greatest long-term asset.
